

BIRMINGHAM CURRICULUM STATEMENT

1. PREAMBLE

In Birmingham community cohesion means working towards a society in which strong and positive relationships exist and continue to be developed in schools, in the workplace and in the wider community. This is achieved through shared values which would include: the valuing of democracy, rule of law, individual liberty, tolerance and mutual respect of people's backgrounds and circumstances; promoting equal opportunities and challenging discrimination, all of which is based on the Equality Act 2010 and is non-negotiable.

2. THE STATEMENT

A statement for our children in Birmingham: a guarantee for their future.

ALL children in Birmingham will experience a broad and balanced curriculum enabling them to grow and learn in an environment without prejudice or inequality. It will prepare them for adult life by:

- ✓ enabling them to play an active role in their school and community
- ✓ experiencing a culturally rich and diverse life
- ✓ developing and benefitting from a range of positive relationships

The curriculum will:

- ✓ promote children's engagement in learning through enquiry-led approaches that develop skills, dispositions and attitudes to learning
- ✓ equip children for their futures in a rapidly changing world recognising the importance of technology, science, languages and communication for dialogue and understanding between different groups
- ✓ value, celebrate and build on children's religious and cultural heritage and develop a sense of identity, honouring the UN Convention on the Rights of the Child
- ✓ promote the fundamental shared values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs

- ✓ help children develop an understanding of all faiths and none, and participate in the celebration of different religious events in understanding and accepting differences
- ✓ develop children holistically: their intellectual, practical, aesthetic, spiritual, social and emotional capacities
- ✓ ensure an understanding of protected characteristics of the Equality Act and how through diversity they can be celebrated
- ✓ encourage children to accept responsibility for their behaviour, show initiative and understand how they can contribute positively to the lives of those living and working in the locality in which the school is situated and to society more widely

All children and young people will be given the opportunity to learn the benefits of physically and emotionally healthy lifestyles, by participating in high quality personal, social and health education including sex and relationships education.

At school, **all** children will have opportunities to explore their talents and abilities through:

- ✓ developing an appreciation of the arts
- ✓ taking part in a wide range of physical activities, sports and games
- ✓ developing a sense of self in a non-judgemental, mutually supportive environment
- ✓ experiencing music and its intrinsic value for enjoyment and self-expression through performing, singing and the playing of instruments
- ✓ experiencing social, moral, spiritual and cultural education that broadens children's awareness and understanding of the world and their place within it
- ✓ independent careers advice that inspires and motivates them to fulfil their potential

In this way we work together to:

Equip children and young people to be happy, talented, confident and ambitious citizens of Birmingham and of the world
